

## **Beat Boxing 2 (Combing the three basic sounds)**

Now, let's work on combining the three basic beat boxing sounds.

Let's start by reminding ourselves of the three basic sounds.  
I'll perform the sounds and you can echo them back to me.

The bass drum goes B B B B / **B B B B (cut to kids)**

The snare drum goes 'Psh', 'Psh', 'Psh', 'Psh' / **'Psh', 'Psh', 'Psh', 'Psh' (cut to kids)**

The high hat goes 'Ts', 'Ts', 'Ts', 'Ts' / **'Ts', 'Ts', 'Ts', 'Ts'. (cut to kids)**

Now let's combine the bass drum and snare drum sound.

Performing both, four times one after the other.

It should sound like this: B PSh B PSh. B PSh B PSh. (ACTION)

Now, watch and join in with this exercise.

Rememmer to breathe out for 4 beats and in for 4 before making the sound.

**SHOT OF KIDS doing the exercise with ED counting the breathing. (ACTION).**

(fade out and in)

If you listen closley you will notice there's a gap between both sounds:

B PSh B PSh B PSh B PSh. (ACTION)

Which allows the high hat to be added between both sounds, like this:

B Ts Psh Ts B Ts Psh Ts B Ts Psh Ts B Ts Psh Ts (ACTION)

Now, watch and join in with this exercise, start slow, and rememmer to breathe out for 4 beats and in for 4 before making the sound.

Ready?

Excellent, let's pick up the pace.

**SHOT OF KIDS doing the exercise with ED counting the breathing. (ACTION).**

You can create your own beat by changing the pace.
